Countryside Code

Please follow the Countryside Code and always remember to:

Respect other people

- Consider the local community and other people enjoying the outdoors
- Give wild animals, livestock and horses plenty of space, especially when they are with their young
- Leave gates and property as you find them
- Keep to marked paths and trails

Protect the natural environment

- Leave no trace of your visit and take your litter home
- Keep dogs on leads and always clear up after them
- Never pick or uproot plants

Enjoy the outdoors

- Plan ahead and be prepared
- Follow advice and local signs

Y Còd Cefn Gwlad

Dilynwch y Còd Cefn gwlad a cofiwch y canlynol:

Parchwch bobl eraill

- Ystyriwch y gymuned leol a'r bobl eraill sy'n mwynhau'r awyr agored
- Gadewch ddigion o le rhynghoc a'r anifeiliaid gwyllt, y da byw a chffyllau, yn enwedig pan maent hefo'u ifanc
- Gadewch bob giât ac eiddo fel rydych yn eu canfod nhw
- Cadwch at y llwybrau a thraciau sydd wedi eu dynodi

Gwarchodwch yr amgylchedd naturiol

- Peidiwch â gadael unrhyw olion o'ch ymweliad ac ewch â'ch sbwriel adref hefo chi
- Cadwch gŵn ar dennyn a chofiwch glirio ar eu holau
- Peidiwch byth â chasglu na diwreiddio planhigion

Mwynhewch yr awyr agored

- Cydnuniwch o flaen llaw a byddwch yn wyliadwrus
- Dilynwch gyngor ac arwyddion lleol

GWARCHODFA NATUR Gors Maen Llwyd

NATURE RESERVE

Location / Lleoliad

Gors Maen Llwyd lies at the northern end of Llyn Brenig, 7 miles SW of Denbigh and 4 miles N of Cerrigydron. Both car parks are accessible from the B4501: one immediately from the road (SH 970 580) and one down a short track, near the bird hide (SH 983 574). **OS Explorer Map OL18**

Mae Gors Maen Llwyd ym mhen gogleddol Llyn Brenig, 7 milltir i'r de orllewin o Ddinbych a 4 milltir i'r gogledd o Gerrigydron. Mae'r ddau faes parcio'n hwylus i'w cyraedd o'r B4501: un yn syth o'r ffordd (SH 970 580) ac un i lawr trac byr, ger y guddfan adar (SH 983 574). **Map Explorer OS OL18**

Gogledd Cymru

Wonderfully wild Wales ...

In spring, head out through the heather and onto the moor at dawn and you could experience the bubbling call of male black grouse lekking. Then, as the sun rises over the Clwydian Range to the east, the distinctive, peaty moorland aroma fills the air along with the calls of curlew, skylark and cuckoo heralding the new day. Gradually, as panoramic views are revealed, the serene sensation of being alone in a huge, wild landscape unfolds.

Gors Maen Llwyd, bordering Llyn Brenig, is one of the Wildlife Trust's largest nature reserves and comprises upland heath, blanket bog and wetland filled with sphagnum moss, bogbean and cranberry. In summer, sand martins nest in large colonies along the edge of the reservoir, their constant coming and going providing the backdrop to any summertime stroll.

Cymru wylt a rhyfeddol ...

Yn y gwanwyn, ewch allan drwy'r grug ac ar y rhos fel mae'r wawr yn torri ac fe gewch chi brofi cri fyrlimus gwryw y rugiar ddu yn paru. Wedyn, wrth i'r haul godi dros Fryniau Clwyd i'r dwyraint, mae arogl rhostir mawnog, nodedig yn llenwi'r awyr, a chri'r gylfinir, yr ehedydd a'gog yn cyhoeddi bod diwrnod newydd ar droed. Yn raddol, wrth i'r golygfeydd panoramig ddod i'r golwg o dywylwch y nos, mae'r ymdeimlad tangnafeddus o fod ar eich pen eich hun yng nghanol y dirwedw wylt, enfawr yma'n gwawrio arnoch chi.

Gors Maen Llwyd, sy'n ffinio â Llyn Brenig, yw un o warchodfeydd natur mwyaf yr Ymddiriedolaeth Natur ac mae'n cynnwys rhos yr ucheldir, gorgors a gwlybdir yn llawn mwsoglau sffagnwm,ffa'r gors a llugaeron. Yn yr haf, mae gwenoliaid y glennydd yn nythu mewn poblogaethau mawr ar hyd ymyl y gronfa ddŵr, gyda'u mynd a dod cyson yn gefndir bob amser wrth i chi fynd am dro yn ystod yr haf.

LIN CUMMINS

Become a **mammal detective!** Fifteen species of mammal have been recorded at the reserve, and it's a great place to look for their tracks and signs (including their poo!).

JIM HIGHAM

Hoffwch **fod yn ddiitectif!** Ar y warchodfa mae pymtheg rhywogaeth o famaliad wedi cael eu cofnodi, ac mae'n le gwych i edrych am eu holion traed ac arwyddion eraill (yn cynwys eu pŵ).

ANDREW PARKINSON

Take a flask and wrap up warm in February-March and you may be lucky enough to see the amazing, synchronised courtship dance of the **great crested grebe**.

STEFAN JOHANSSON

Os am droi allan rhwng fis Chwefror a fis Mawrth cofiwch wisgo digon o ddillad ac awgrymwn eich bod yn mynd a fflasg hefo chi, mi all fod y tywydd yn oer, ac effallai y byddech yn ddigon ffodus i weld y ddawns cydamserol paru anhygoel y **gwylt fawr gopog**.

In spring and summer you can easily spot male **skylarks** rising almost vertically from the moorland. They hover effortlessly, singing from a great height, before parachuting back down to earth. These long and complicated song-flights can last for up to an hour and the birds can reach 300m before descending.

Osprey, on a nearby platform, can easily be seen from the southern end of the reserve. You may get to see their powerful feet pluck a fish from the lake – without missing a wing beat!

O ben ddeheuol y warchodfa fe allwch weld, yn hawdd iawn, **weilch y pysgod**, ar y platform pysgodyn o'r llyn – heb fethu un curiad o'i hadnnydd!

Access and safety

The site is exposed and isolated, and mobile phone signal is patchy. Paths are uneven in places and suitable footwear is recommended. Although the site consists of open-access land, please keep to the paths to avoid disturbance to wildlife, particularly ground-nesting birds.

Mynediad a diogelwch

Mae hwn yn safle agored ac anghysbell heb signal ffôn symudol cyson. Mae'r llwybrau'n anwastad mewn mannau ac mae'n rhaid gwylt esgidiau addas. Er bod y safle'n cynnwys tir mynediad agored, cadwch at y llwybrau os gwylt yn dda, rhag tarfu ar y bywyd gwylt, yn enwedig yr adar sy'n nythu ar y ddaear.
